## Optelec ClearView C

### Comfortable Reading Starts with the C

The new Optelec ClearView C is a modern desktop video magnifier that is designed to improve your reading experience. The unique design provides you with more working space to read, enjoy craftwork, or write with comfort and ease without being restricted in movement.

Thanks to its superior camera, the ClearView C offers sharp magnified images in full color and high contrast. The High Definition models offer a very wide overview which makes reading large documents and magazines a breeze. The optional Speech module allows you to simply sit back and listen to text as it is read aloud. The best part about the ClearView C is that it is truly customizable to your needs.

# About the ClearView C

## Comfortable Reading

The C-shaped design provides you with more working space, so you can read your favorite newspaper and perform hobbies without being restricted. The reading table moves away from your body to offer more freedom of movement which is a unique feature among desktop video magnifiers.

## Contemporary Design

The ClearView C is designed to increase your reading comfort and to complement the interior of your home. The high quality materials and sleek design provide a contemporary look that is inviting in any room.

## Customizable Set-up

You can customize the ClearView C according to your needs. Switch from basic to advanced functionalities, create more working space, use a larger reading table, and upgrade the ClearView C with several other modules. Anything is possible.

**Stand Out from the Crowd**  
**Choose Comfort and Design!**

# Choose Your Ideal Set-Up!

Optelec offers the only state-of-the-art video magnifier that can be custom configured to your needs. We can help you get started today!

## First, what are your goals:

I want to use my ClearView C to . . .

...Read daily newspapers and magazines.

**Comfort**
